Overcoming Challenges

Current Logo

- The And symbol "&" is too small and will not show clearly when the logo is displayed in smaller sizes.
- The logo is too cluttered, not enough space is between the logo and logotype.
- The logo is pixelated and not delivered in vector format.

Quick Fix

- This is an alternative to the previous logo.
- The logo type is crisp, lower case as a metaphor to things that are small in size, bits and pieces that are small and sweet.

bits & pieces

- The sharp sides of the letters maintains the sophisticated aesthetic of the brand.

بيتس & بيسز

- An Arabic calligrapher suggested that if the english words are too wide and you want to make the words in Arabic the same length, you can extend the letters of "yā" and "sīn" instead of extending each letter.
