Fine Blooms Products

Planning for the Launch of the E-Commerce Website

1. Introduction

In order to think of flowers as broadly as possible it is important to define the reason why people purchase flowers. We should refer to this diagram as a general reference when beginning to think about introducing new products.

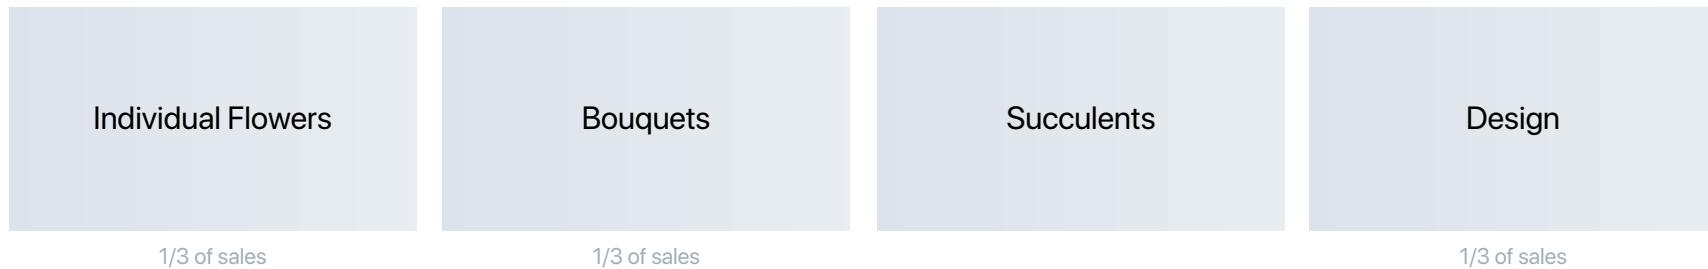

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

2. Plan for E-Commerce Sales

In order to reach the target of 150K AED a month lets assume that individual flowers make 1/3rd a total of 50K AED a month, bouquets make 50K a month and Zakkia and Louise Roe also make 50K AED a month. This means that if we sell 1,700 AED of each category a day we would make total sales of 153K AED a month. We will not focus at all on the Succulents category at the moment because we will only be offering a limited variety of orchids to start out with.

Fine Blooms Products

Product Discovery

4. Categories

In this document we look at exploring ideas for various products we can introduce for the Fine Blooms boutique. These will include fresh, artificial, preserved and dry flowers, bouquets, vases, pots, planters, plants and some additional products. For the first delivery of the e-commerce website we will include a narrowed selection of products and then introduce new ones in due course.

Possible Catgeories

Fresh Flowers (68)	Plants	Boxes
Artificial Flowers	Planters	Packaging Materials
Preserved Flowers	Vases (20)	Trays (3)
Dried Flowers	Pots (2)	Subscriptions
Bouquets	Bowls (1)	
Succulents	Tubes	

Narrowed Catgeory List

Individual Flowers
Bouquets ([includes boxes](#))
Succulents
Design ([includes vases, bowls, and trays](#))

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

5. Category Explanations

Individual Flowers:

Customers can place an order on bunches of a specific flower. Each bunch includes 5 stems. There will be three options for packaging: 1. in a gift bag with waterbubble 2. in a corrugated cardboard box (each box can fill up to 20 flowers) with waterbubble 3. in a gift bag with a clear vase. [Need to find the prices of the individual flowers, which individual flowers will be included as part of the e-commerce website and the prices for the corrugated boxes.](#)

Bouquets:

Customers can order from the selection of bouquets that are available on e-commerce. They are able to choose the size: S, M, L, and Deluxe. They are able to add a clear vase. There will be no corrugated box (packaging) available for the clear vase. Customers will also be able to order the bouquet in the vases available under the "Vases" category. Customers are also able to have the bouquet in a square box (medium size) and a rectangular box (large size). These products will always be sent in a gift bag. Customers can also add a card during checkout.

Succulents:

Customers can choose from the choice of succulents that are available on e-commerce. They are able to choose the pots from the ones that are available (a selection of 3). These will be delivered in a gift bag and the box for the pot will be provided in the bag.

Design:

Customers can choose from a small range of concept items (trays, bowls).

Vases

Customers can choose from the vases available. They will be able to accompany the vases with a choice of either individual flowers or bouquets depending on the size of the mouth of the vases. If vases are chosen alone (without flowers) they will be packaged in a box and sent in a gift bag. If they are ordered with flowers they will be delivered with the flowers in them, and an empty box for the vase will also be included in the gift bag.

Pots, Bowls, and Trays

Customers can choose from the home decor products available. They will be able to add succulents and orchids to the pots. They will be able to add one small signature arrangement to the bowl. The trays will also be available alone or with a small arrangement with colour options available.

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

6. Coordination between Florists and Web Developers

When a person makes an order we need to know the following details about the customer:

- Recipient's name
- Recipient's mobile number
- Delivery address
- Sender's name
- Sender's mobile number

In order to make the logistical operation achievable we have to ensure there is a certain scehdule for collection (bracket time).

When a customer places an order (s)he should be able to add a gift card and insert additional comments.

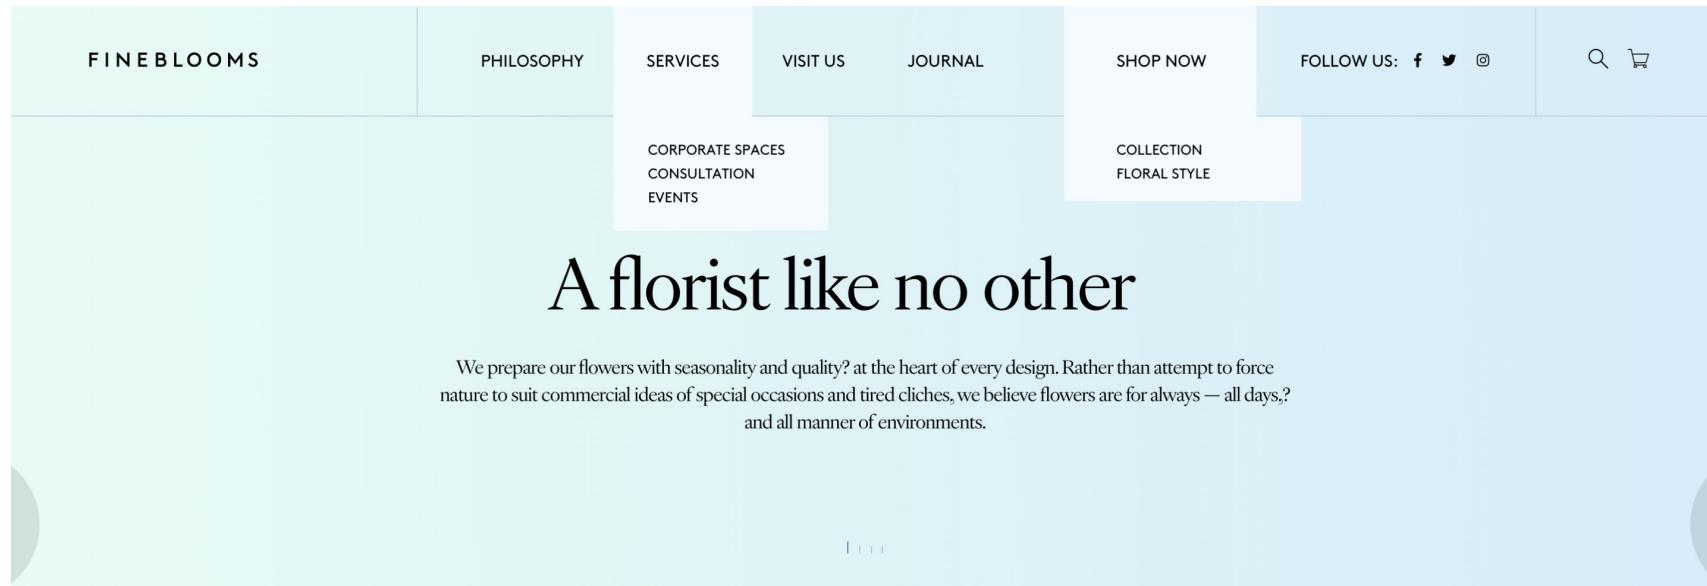

For delivery in Dubai there should be no charges incurred. For outside Dubai we should charge delivery.

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

7. Re-Designed Homepage

The screenshot below shows how the homepage will look. Under Shop Now we will ask Crowd to fill the dropdown list with the menu items (narrowed) in the previous pages.

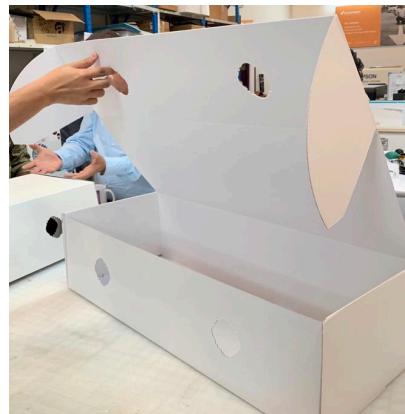

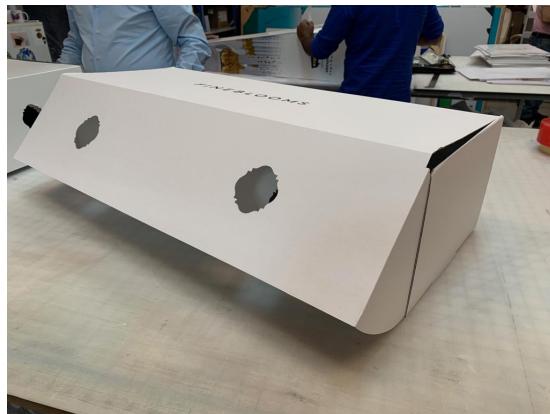

Fine Blooms Products

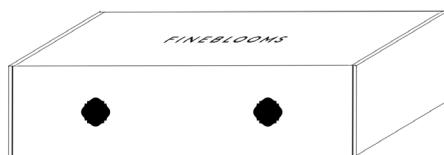

Planning for the Launch of the E-Commerce Website

8. Packaging for Individual Flowers

The images below are samples of the box for individual flowers. The corrugated cardboard that is selected for the following sample will be decided upon (should be thicker) and a moss green colour should be printed on the inside of the box.

The dimensions of the box is: 80 cm x 30 cm x 20 cm

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

9. Packaging for Vases

de bouteilles, a premium vase manufacturing company in Paris has simple and effective packaging for their glass vases:

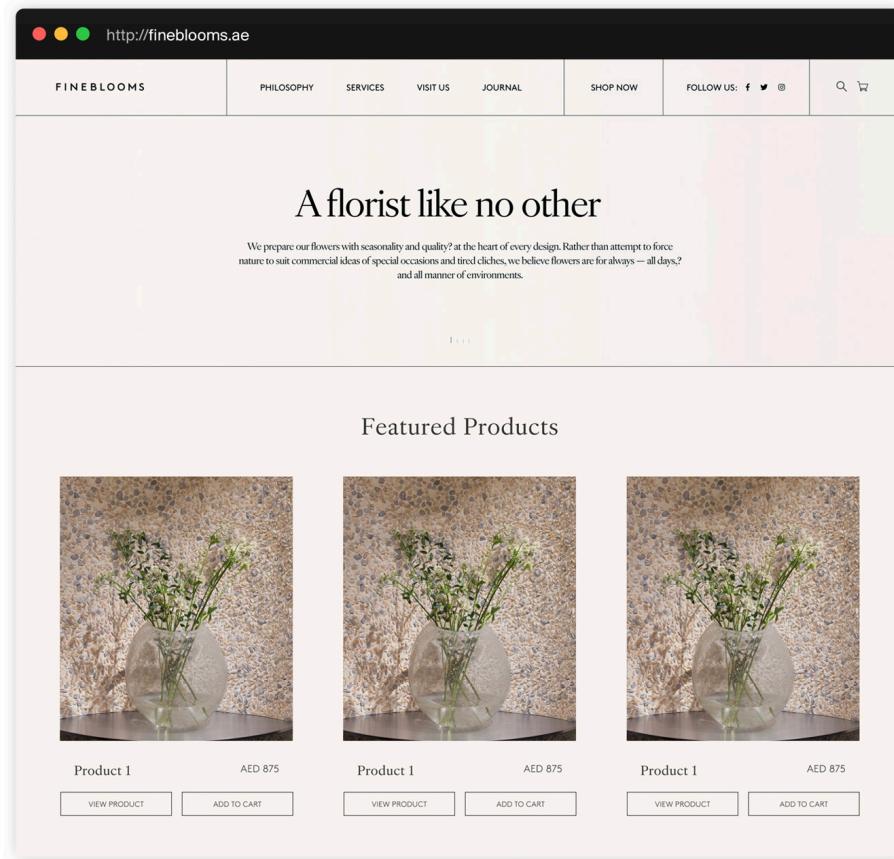

The box that is required to fit all the Zakiia products is 38 x 38 x 18 cm.

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

10. Displaying Bouquets on E-Commerce Website

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

11. Photoshoot Plan

For the photoshoots it is important to plan and specify exactly what the desired outcomes for the various photoshoots that are organised. 9 bouquets will be featured on the e-commerce website:

	Category
1. Garden	Chempetre Chic
2. Wilderness	Chempetre Chic
3. Whisper	Chempetre Chic
4. Fantasy	Classic
5. Cream	Classic
6. Spark	Classic
7. Secret Lover	Structural
8. Flame	Structural
9. Soho	Structural

For each bouquet 6 photos are required:

1. Bouquet in Louise Roe small vase (flowers display mix) with beige background and ground
2. Bouquet in Louise Roe small vase (flowers display apart) with beige background and ground
3. Bouquet in Louise Roe small vase (flowers display mix) with coloured background and white ground
4. Bouquet in Louise Roe small vase (flowers display apart) with coloured background and white ground
5. Bouquet in box with beige background and ground
6. Bouquet in box with coloured background and white ground

This means that a total of 54 photos are required for bouquets.

The orchids will be available in 3 colours. Customers should be able to choose to have them in a box, a Zakkia pot, or a clear glass pot. Photograph of a gift bag.

Photograph of a carrier bag with simple flowers and another with a bouquet.

Fine Blooms Products

Planning for the Launch of the E-Commerce Website

Louise Roe Products

We are selecting products from Louise Roe that closely resemble the sizes we have chosen for bouquets and selected clear vases .

197.76 AED 280.16 AED 444.96 AED 383.16 AED

Average product costs 326.51 AED, meaning we would have to sell 5 products of these a day.

Lets assume we want to sell these colours of vases, and one more colour.
